

Product description

Description Fine free flowing granular powder of a light brown colour. Light characteristic smell of choline.

Physical chemical analysis

Choline chloride Min 60%

Purity criteri Min 99%

Carrier cereal carrier, mainly corn cobs

Humidity Max 2.0%

Molecular weight 139,63

TMA Max 300 ppm

Solubility Soluble in water and alcohol. Carrier is not soluble

Density +/- 450-510 kg/m³

Particle size 90% passes a No. 20 mesh screen

Texture Medium fine

Other specs

Transport Loose in bulk

Shelf life 24 months
