

Organoleptic parameters

Consistency	Powder without lumps
Colour	Brown
Flavour	Typical without off-flavour
Origin:	Poland
Origin of the beans:	Ghana, Ivory Cost, Diminicana
Application	Cookies, biscuits, cakes, confectionary

Packaging and storage condition

Packing:	In bags of 25 kg of three layers (paper, plastic, paper) or in cardboard boxes 25 kg with plastic liner inside
Storage conditions	Packaged product store, preferably at temperature between 15 and 25°C and relative moisture less than 75% In both cases, keep away from light and foreign odours
Shelf life	24 months from manufacturing date, if the product is maintained in the original packing and in adequate conditions
GMO	Free from GMO
Radiation	The product is not expose to ultraviolet radiation and jonisation
Production process	As a result of production process a higher or minimum lower fat content is allowed

Phisico-chemical parameters

Fat	10-12 %
pH Value	min 5,8-6,8
Fineness-microneter	75µm max
Moisture	max 5%
Mineral contamination	Not allowed
Organic contamination	Not allowed
Foreign bodies	Not allowed

Microbiological parameters

Total Plate Count	Max 10 ⁵ Col/g
Moulds	Max 10 ²
Yeasts, Col/g	Max 10 ²
E. Coli	Negative
Salmonella	Negative
Coli Form	<10
Staphylococcus, Col/g	Negative

Allergens

The product contains the following alimentary allergens:

List of allergens according to royal decree 1245 / 2008
