| Product description      |                                           |
|--------------------------|-------------------------------------------|
| Appearance               | Greenish brown powder.                    |
| Odor                     | Characteristic                            |
| Microbiological analysis |                                           |
| Total Plate Count        | ≤1000cfu/g                                |
| Yeast & Mold             | ≤100cfu/g                                 |
| E.Coli                   | Negative/10g                              |
| Salmonella               | Negative/10g                              |
| Staphylococcus           | Negative/10g                              |
| Others specs             |                                           |
| Packaging                | 25kg/Drum                                 |
| Storage                  | Low relative humidity and dark conditions |

| Physical chemical analysis |                                   |
|----------------------------|-----------------------------------|
| Loss on Drying             | ≤5%                               |
| Bacosides                  | ≥5%                               |
| Heavy metals               | ≤10ppm                            |
| Lead                       | ≤3ppm                             |
| Arsenic                    | ≤2ppm                             |
| Cadmium                    | ≤1ppm                             |
| Mercury                    | ≤0.1ppm                           |
| Bulk Density               | Report data                       |
| Particle Size              | 95% pass through<br>40 mesh sieve |
